## Feature

--Intelligent Control: Supports multiple control methods, including APP control (Tuya ecosystem), remote control (2.4G WIFI + Bluetooth), and smart speaker voice control. The light color can be set according to personal preferences, and DIY scene modes are also available. It also comes with additional functions such as music sync and timing.
--Scene Application: Adopts an RGB + CCT dual-color temperature combination, which meets the needs of most scenarios such as office, home, and commercial use. Additionally, the RGB ambient lighting offers vivid colors to create a festive atmosphere.
